Key Features

Tobacco-Free & Nicotine-Free: The brand's primary selling point is its complete absence of tobacco and nicotine, making it a healthier choice than traditional dip.

Authentic Experience: Products are designed to provide a similar mouthfeel and taste to traditional chewing tobacco, making the transition easier for users.

Natural Ingredients: Key ingredients include corn silk and kudzu root, which create the texture and flavor of the long-cut products, while caffeinated pouches use green tea extract for their stimulant effect.

Variety of Flavors: Smokey Mountain offers several popular flavors, such as Wintergreen, Cherry, Peach, Grape, and Classic, among others.

Available in Different Forms: You can choose between long-cut loose herbal snuff or pre-portioned pouches.

Vegan and Gluten-Free: The products cater to dietary restrictions, being suitable for vegan and gluten-free lifestyles.

Made in the USA: The products are manufactured in the United States, ensuring freshness and quality control.
